

Recycle your furniture and save yourself money!

Had a Spring clean?
Got bulky items you no longer need?

Instead of calling your council to arrange a bulky collection (which would cost you £15 and increase landfill) why not try South Holland's only furniture re-use project....

So far in the last six months the project has helped **1,100 families** in the local area.

The project welcomes donations of household items and furniture that is good enough for reuse by householders in need.

You can deliver to the Project or arrange for them to collect (FREE).

What they accept

- 3 piece suites (*must have fire retardant label*)
- Dressers
- Tables & chairs
- Beds
- Wardrobes
- Chests of drawers
- Bookcases
- Washing machines
- Cookers
- Tumble dryers
- Dishwashers

What they can't accept

- Fridges & freezers
- Televisions
- Large sideboards
- Carpets
- Crockery
- Cutlery
- Paint

In the last six months the project has also diverted a massive 33.849 tonnes of furniture and appliances from landfill. This is equal to the weight of 34 family sized cars!

South Holland Community Furniture Recycling Project

A charity working for the community
(registered number 1105025)

34A Little London, Spalding, Lincolnshire, PE11 2UB
