

Made and published by the Director General of the Ordnance Survey, Southampton.

**COMPILED DATA**

Levelled.....1957, 66  
Boundaries.....Jan 1976

1:2500 scale \* 1:1250 scale (photographically reduced)

(a) Surveyed.  
(b) Reconstructed from former County Series plans and revised.  
(c) Revised.

Surveys of changes since the publication of this plan may be available. Enquiries should be addressed to the Director General or to the local Ordnance Survey office.

HEIGHTS are given in METRES above the Newlyn Datum.  
Bench mark lists, which may contain later levelling information and particulars of bench marks to which no values have been shown, are obtainable from the Director General, Ordnance Survey.  
The representation on this plan of a road, track or path is evidence of the existence of a right of way.  
The alignment of a road where shown is approximate.

**BOUNDARIES**

|                           |                           |
|---------------------------|---------------------------|
| ENGLAND & WALES           | SCOTLAND                  |
| County                    | County                    |
| District                  | District                  |
| London Borough            | London Borough            |
| Civil Parish (England)    | Civil Parish (England)    |
| Community (Wales)         | Community (Wales)         |
| Electoral Division        | Electoral Division        |
| Ward                      | Ward                      |
| Constituency (Co or Boro) | Constituency (Co or Boro) |

Coincident boundaries are shown by the first appropriate symbol above, e.g. Boro Const & E D Boro.

For Ordnance Survey purposes County Boundary is deemed to be the limit of the parish structure whether or not a parish area adjoins.

**BOUNDARY MEASUREMENTS**

|                                      |                                  |                               |                           |
|--------------------------------------|----------------------------------|-------------------------------|---------------------------|
| B.B. .... Base of Bank               | C.R. .... Centre of Road, etc.   | F.F. .... Face of Fence       | T.B. .... Top of Bank     |
| C.B. .... Centre of Bank             | C.S. .... Centre of Stream, etc. | F.W. .... Face of Wall        | T.H. .... Track of Hedge  |
| C.C.S. .... Centre of Covered Stream | Daf. .... Defend                 | R.H. .... Rise of Hedge       | T.S. .... Track of Stream |
| C.D. .... Centre of Drain, etc.      | E.K. .... Edge of Kerb           | S.R. .... Side of River, etc. | Und. .... Undefined       |

Imperial equivalents for metric boundary measurements  
0.91m = 3ft 1.22m = 4ft

**AREAS**

Area measurement is in plan area only.  
The number and area, in hectares (ha) and acres, is shown within each parcel of land.

EXAMPLE: 4267 ..... parcel number  
1607ha ..... area in hectares  
4.47 ..... area in acres

When identifying a parcel it is important to specify the number of the plan on which it falls.  
Enclosures or features joined for measurement of area ..... 16  
Limit of area within which individual parcels are not shown ..... 1  
To convert hectares to acres multiply by 2.471 05  
To convert acres to hectares multiply by 0.404 69

**NATIONAL GRID REFERENCE**

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres proceed as follows:

EXAMPLE from sheet TQ 0529

- Take the two letters preceding the sheet number.....TQ
- Take the west edge of the grid square in which the point lies and read the figures opposite this line on the north or south margin.....058
- Take the east edge of the grid square in which the point lies and read the figures opposite this line on the east or west margin.....291
- Estimate the number of metres from the grid line to the point (distance in metres).....4
- The resulting four figure number is the Northing.....TQ 058294
- The full ten metre reference is given by writing first the letters, followed by the Easting and then by the Northing.....TQ 058294

For further information see "An Introduction to the Projection for Ordnance Survey Maps and the National Reference System."
