

## COMPILATION DATA

Levelled ..... 1965.66  
Boundaries ..... Mar 1976

1:2500 scale  
(b) Jan 1976

Surveys of changes since the publication of this plan may be available. Enquiries should be addressed to the Director General or to the local Ordnance Survey office.

HEIGHTS are given in METRES above the Newlyn Datum.  
Bench mark lines, which may contain later levelling information and particulars of bench marks to which no values have been shown, are obtainable from the Director General, Ordnance Survey.  
The representation on this plan of a road, track or path is evidence of the existence of a right of way.  
The alignment of tunnels where shown is approximate.

SYMBOLS

Non-ferrous trees	Site of antiquity
Coniferous trees	Cave entrance
Surveyed trees	Culvert
Orchard trees	Rock
Coppice, alder	Boulders
Scrub	Sloping masonry
Heath	Glasshouse
Bracken, rough ground	Archway
Marsh	Change of boundary marking
Saltings	See AREAS notes
Reeds

## AREAS

Area measurement is in plan only.  
The number and area, in hectares (ha) and acres, is shown within each parcel of land.

EXAMPLE: 4267 ..... parcel number  
1 807ha ..... area in hectares  
4.47 ..... area in acres

When identifying a parcel it is important to specify the number of the plan on which it falls.  
Enclosures or features joined for measurement of area .....  
Limit of area within which individual parcels are not shown .....  
To convert hectares to acres multiply by 2.47105  
To convert acres to hectares multiply by 0.40469

## NATIONAL GRID REFERENCE

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point in within 10 metres proceed as follows:-

1. Take the two letters preceding the sheet number. EXAMPLE from sheet TQ 0559

2. Take the west edge of the grid square in which the point lies and read the figure opposite this line on the north or south margin. 059

3. Take the south edge of the grid square in which the point lies and read the figure opposite this line on the east or west margin. 291

4. The full six-figure reference is given by writing first the letters, followed by the Easting and then by the Northing. TQ 058291.6

For further information see 'An Introduction to the Projection for Ordnance Survey Maps and the National Reference System.'
